HUNS BLOCKED ALONG OISE BY DESPERATE FRENCH RESISTANCE

Battle is Still Raging on That Im-
portant Front, French War
Office Reports

MARNE ATTACK FLUNG BACK

French Progress East of Mory and
Genliff Wood and Thrusts on
Their Left Fail

MARINES ROUT THE ENEMY

Clear Belleau Wood of Germans,
Slaughtering the Defenders in
Great Numbers

(By United Press.)

Paris, June 12.—The Germans, striking along the entire Oise battle front yesterday evening and last night, were blocked at every point by the desperate French resistance. The battle is still raging, the French war office reported today.

A simultaneous attack on the western portion of the Marne front was flung back.

"German attempts on the left were broken up. The French progressed east of Mory and Genliff wood," said the statement.

With the American Army in France, June 12.—American marines have entirely cleared the important Belleau wood, five miles west of Chateau-Thierry, of enemy forces, it was established today.

The German defenders were slaughtered in great numbers and those who survived fled in disorder.

The American artillery preparation began at 3:30 yesterday morning. An hour later the marines attacked the Germans who still held the northern portion of the wood. They were under orders to push through to the northeastern limit of the wood. They carried out their instructions.

In addition to inflicting heavy casualties, the marines took at least 250 prisoners, including ten officers, and captured two three-inch field guns.

German Casualties 666,000

With the French Armies in the Field, June 12.—German casualties in the great offensive to date, according to scientific military calculation, total at least 666,000.

The Germans have employed a total of 633 divisions since March 21. Military men estimate the enemy loss at 2,000 men to the division.

With a maximum of 210 divisions on the west front, the above total means that a great number of divisions have been engaged two or three times, while the Germans still possess more than 30 fresh divisions which have not yet been used.

Under the present organization of the German army in the west, the cream of the army, both officers and men, are concentrated in Von Hutier's shock army. This army is counted upon to give blows with irresistible force, permitting the less able troops to pass through the breach thus created.

German Advance Eliminated

With the American Army on the Marne, June 12.—The possibility of a German advance in this sector has been practically eliminated because of troops being removed to consolidate on the new American positions north and east of Belleau wood.

The marines now solidly hold the wood, the last machine gun stronghold at its edge having been taken at the point of bayonets at ten o'clock this morning. The attacking party found the ground covered with dead and wounded Prussians.

126 Casualties Reported.

Washington, June 12.—General

Continued on Page 2.

BATTLE WITH SUBMARINE

American Coast Patrol Reports En-
gagement With Enemy Raider.

(By United Press.)

Washington, June 12.—An American coast patrol has had one battle with a German U-boat raider, reports from patrol commanders in the hands of the navy department today showed. The vessel fired on the submarine and dropped depth bombs around it. The navy department is keeping secret many of the reports of patrol commanders.

TWENTY-SEVEN FROM HERE READY TO SAIL

Rush County Boys Who Left Here
With Company B Volunteer
For Foreign Service.

ARE AT CAMP MERRITT, N. J.

Twenty-seven Rush county boys—the largest number of local youths to begin their final lap to France to-
gether—are at Camp Merritt, New Jersey awaiting orders to sail.

Word was received here today from several of the young men, who were numbered among the 150 volunteers which made up the old company B entraining for Camp Shelby last August, that they are ready to leave at an hour's notice. They are the first of the old company, now battery A of the 139th artillery regiment to leave for foreign duty. Their number is made up of volunteers who responded to the call for volunteers from the regiment, a few weeks ago.

YOCUM AND M'DOUGAL SPEAK HERE THURSDAY

Former Pastor And "Living Link" of
Missionary Society to be at
Prayer Meeting.

AT THE CHRISTIAN CHURCH

The Rev. C. M. Yocum of Kansas City, formerly pastor of the Main Street Christian church, and W. C. MacDougall of India will deliver addresses in connection with the mid-week prayer service at the Christian church Thursday evening.

The program is in charge of the Woman's Missionary society of the church, who are taking advantage of the opportunity of securing the services of two men so well versed in the home and foreign work of the missionary department of the church. The Rev. Mr. Yocum has been engaged in missionary work in Kansas City since he resigned his post here and Mr. MacDougall, known as the "living link" of the Rushville missionary society, is home from India on a year's furlough.

Previous to the evening service, a pitch-in supper will be served in the basement of the church, which will be Hooverized in every respect, according to the members of the C. W. B. M. and Young Ladies Circle of the church, who have the affairs in charge. Supper will be served at 6:30.

A strong wind and hail storm did much damage to wheat and gardens in general in the Little Flatrock neighborhood, Monday afternoon, according to reports from that vicinity.

Rue Mull has sold his eighty acre farm, located west of Raleigh, to Ison Stevens for \$204 an acre. This is part of the farm originally owned by the late Squire William S. Hall.

SAYS JAPAN WILL NOT FAIL

Foreign Secretary Balfour Says
She Will Respond in Emergency

(By United Press.)

London, June 12.—"I am sure that if the emergency requires us to call upon our allies for fresh efforts, Japan will live up to its obligation," Foreign Secretary Balfour declared today at a luncheon to the Japanese mission.

Balfour forecasts an allied economic war. He said that a forthcoming conference German political and economic penetration will be discussed.

GAS HEARINGS SET FOR MONDAY, JUNE 24

Petitions of Central Fuel and Peo-
ples Natural Gas Co. will be
Heard by Commission.

BOTH ASK RATE INCREASES

Hearings on the petitions of the Peoples Natural Gas company and The Central Fuel Gas company of this city for permission to increase their rates have been set by the state public service commission for Monday, June 24, at the rooms of the commission in the state house in Indianapolis. The Peoples company hearing will be at ten o'clock in the morning and the Central Fuel at two in the afternoon.

The Peoples company asks that it be permitted to charge one dollar for the first thousand cubic feet of gas and fifty cents for every thousand thereafter. The Central Fuel company asks that its rates be fixed at forty cents, which is the same as that charged by the Rushville Natural Gas company.

The Peoples and Central Fuel companies are allowed to charge only thirty cents now, by order of the commission. Having petitioned once before for an increase, the commissioners fixed the rates of both companies at forty cents, but later reduced them when consumers gained a rehearing.

SILo TOUR OF COUNTY WILL BEGIN TOMORROW

Committee Headed by W. A. Alex-
ander and Marion Detrick, Will
Cover Northern Section

VALUE OF SILo TO BE SHOWN

Everything has been completed for the silo campaign tour which will begin tomorrow morning at seven o'clock, continuing for two days, when every rural district in the county will be covered by the committee, headed by W. A. Alexander, county silo agent, and Marion Detrick, county agent.

The northern part of the county will be covered tomorrow when the flying squadron of men interested in the drive for the erection of silos, will stop at all of the large silos for short talks concerning the efficiency in food conservation and cattle production by the use of the silos.

The worth of the silo was testified to today by P. S. Daubeuspeck, one of Rush county's foremost farmers, who resides near Glenwood. He stated that by placing corn gathered from eighteen acres, with four tons of hay and two tons of cotton seed meal, in his silo last year, he fed fifty head of cattle for 180 days and when the cattle were sold some time ago he realized a net profit of \$4,100 on the sale.

—Ed Spradling has returned from Florence, Alabama, where he has been working on a large nitrate plant being constructed there. Mr. Spradling will probably go to Elizabeth town, Ohio, where a similar plant will be erected.

ITALIAN TORPEDO BOATS DEFY FLEET

Sink Two Large Austrian Dread-
naughts in Adriatic and Return
Safely to Bases

ENEMY DESTROYER DAMAGED

(By United Press.)

Rome, June 12.—Two small Italian torpedo boats, defying an entire Austrian battle fleet, sank two of the large dreadnaughts in the Adriatic navy Monday morning, and returned safely to their bases, it was officially announced today.

The daring exploit occurred off the Dalmatian Islands on the Austrian side of the Adriatic.

In the pursuit which followed, an Austrian destroyer was badly damaged.

COLONEL ROOSEVELT DELIVERED ADDRESS

For First Time in Years School
Graduates Received Degrees With
Seniors of Other Departments

CLASS SMALLEST IN YEARS

(By United Press.)

Bloomington, Ind., June 12.—Col Roosevelt delivered the commencement address at the Indiana university exercises here today.

The former president came to Bloomington from Indianapolis where he opened the Thrift stamp sale drive.

Following the main address, degrees were conferred on the seniors by President William Lowe Bryan.

School graduates received their degrees with the seniors of the other departments for the first time in years, no special law commencement being held. It was eliminated as an economy measure.

The class graduated today is the smallest in many years due to the fact that a large number of the men withdrew to enter military service.

POSEY TOWNSHIP IS THE BANNER ONE

With \$6,500 Worth of War Savings
Stamps Sold in Campaign,
Excels All Others

UNION IS A CLOSE SECOND

Reporting sales which have amounted to approximately six thousand, five hundred dollars, Posey township has come splendidly to the front in the War Savings stamp campaign, and according to present reports, is the banner township of the county.

Under the direction of Mrs. Bert Heaton, township chairman of woman's work, the woman's committee working in the Arlington neighborhood, has done excellent work and their part of the campaign which has just been completed, indicated that they subscribed \$4,500 in Thrift and War Savings stamps. The organization which was perfected by Mrs. Heaton was perfect and worked in harmony, without duplication, at any time.

The committee of men in Posey township did only a small part of the work due to the fact that most of the men were busy with the spring farm work, thus thrusting the major part of the burden onto the shoulders of the women.

A close second to the Posey township record is that of Union where subscriptions have totaled close to the six thousand dollar mark. Mrs. Oscar Reese had charge of the woman's work there and the teams of men canvassers, were under the direct supervision of Edward Billings.

TO TAKE COLEMAN'S PLACE

Dr. F. G. Hackleman Recommended
For Army Selection Board

Dr. F. G. Hackleman has been recommended by the members of the county army selection board to fill the vacancy on the board created by the resignation of Dr. W. S. Coleman, who resigned after he enlisted in the army. Dr. Hackleman has consented to accept the place and will be appointed by Governor Goodrich. When Dr. Coleman resigned, a letter from the state conscription officer said whoever the board recommended would be named.

JERSEY BUYERS HERE FROM SEVERAL STATES

Sale of Cattle From John F. Boyd
and Dixon Herd of Brandon,
Wis., is Held Today

HEIFER CALF BRINGS \$325

Buyers were here today from all parts of Indiana and many parts of Ohio, Missouri, Kentucky and Illinois for the sale of the Jersey cattle at the John F. Boyd farm in Circleville. Cattle sold were from the herds of Mr. Boyd and W. S. Dixon and son of Brandon, Wis.

Up until two o'clock this afternoon the banner price paid for a Jersey was \$450, the sum for which the bull, Gauntlet's Oxford Togo, was sold. He was out of the Dixon herd. Erdenheim's Distinction, a bull from the Boyd herd, sold for \$310. Majesty's Golden Plymouth, a heifer calf of the Boyd herd, brought \$335, which was an unusually high price for a heifer nine months old.

The sale was held in a tent, which was crowded with people. A few Rush county men bought cattle. Col. D. L. Perry of Columbus, O., who has been here many times in a professional capacity, was the auctioneer, and J. V. Cotta of Crawfordsville, the sale manager.

Jerseys from the herd of R. J. Hall and L. A. Green of Dayton, Ill., will be sold at the Hall farm two miles northeast of here tomorrow.

SENATE STANDS BY PRESIDENT IN VOTE

Disapproves Borah Amendment For
Public Consideration of Treat-
ies, as Wilson Asked

WHAT OPEN DIPLOMACY MEANS

(By United Press.)

Washington, June 12.—The senate today went on record against open diplomacy by a vote of 50 to 23 and rejected the Borah amendment for public consideration of treaties.

The senate by this action accepted President Wilson's own construction of his peace terms speech of Jan. 8, when he told congress diplomacy "must proceed always in the open."

During the debate Senator Hitchcock introduced a letter from President Wilson to Secretary of State Lansing, in which the president stated that by open diplomacy he meant that all treaties after ratification should be made public. He did not mean open consideration by the senate, he said.

The president's attitude, Hitchcock indicated, extends to the treaty which will conclude the war. He does not intend to urge open sessions at the peace conference, but only that all nations signing the treaty shall fully inform its people of the terms after it is decided upon.

—L. G. Vannice of Amo, Ind., formerly of this city spent the day in this city attending the Boyd sale. He will sell sixty head of Jerseys at his place next Tuesday.

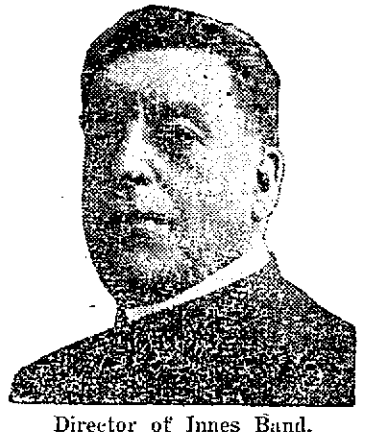

WAR PREDOMINANT NOTE OF ASSEMBLY

Musical Features This Year Will Ex-
cel Those of Any Previous
Chautauqua Here.

THE INNES BAND IS COMING

Irvin S. Cobb, Noted War Cor-
respondent and Short Story
Writer, Also Will Appear.

Under the direction of the Rush County Chautauqua association, the people of Rush county will be given a course of lectures this summer which will educate the people along the great war lines. The dates for the program will be August 4-11. The association is preparing the usual feast of good numbers and by adding the predominant note of a war program, it is believed by the

Director of Innes Band.

executive committee that the chautauqua of 1918 will be the best since the initial meeting several years ago.

The musical features will be apace with former years when the committee has always chosen the best to be had. The Innes band of New York, which will be heard here Friday afternoon and evening, Aug. 9, promises to be the sensational feature of the program which already overshadows in importance anything that has been given in former years.

Innes has the credit of having revolutionized the instrumentation of his band so that instead of its being merely an improved edition of the ordinary "brass" band which is known to most of us, it has very largely taken on the refinement and tonal character of the modern symphony orchestra. This has been brought about by the introduction of many instruments hitherto unused in the bands such as harps, cellos, string basses, oboes and saxophones, together with a great preponderance of wood-winds super-imposed on the usual brasses.

The band is accompanied on its present tour by several notable soloists, chief among them being the famous Russian Violin Virtuoso, David Eisen, whose wonderful successes in recitals given by him in all the eastern cities have already won for him a national fame.

In addition to the band, Miss Edna Van Harn Swanson, a renowned vocalist will appear. The Nine Grenadiers in costume, the Chautauqua Preachers quartet and the Rodcheaver party will be among the features of the musical program. Homer Rodcheaver has been actively engaged with Billy Sunday in his renowned tours through the country and his appearance is being especially looked forward to.

Irvin S. Cobb, one of the foremost writers of the day, whose stories which appear in the Saturday Evening Post, are read by millions of people every week, will lecture one evening. Cobb is at present at the front and his appearance in Rushville will be one of the first lectures which he will deliver in this country. With his inimitable style, the stories of happenings over there, will be described to the Rushville audience as they were never told before.

Lieut. Ivan Rossiter, soldier with real war experiences, has been booked for one appearance during the week's program. Although there will be several days when an admission

**This Reo Six—\$1550
 —Is the First Choice
 of the Connoisseur**

THE MORE EXPERIENCE you have had with motor cars, the more will you appreciate this Reo.

THE MORE YOU KNOW about mechanical principles, the more will you see here of mechanical excellence to admire.

THE LONGER YOU HAVE driven a motor car, the more will you find to approve in the handling of this Reo.

IF YOU AGREE that an excellence in the ensemble can be obtained only by excellence in every smallest detail, this Reo Six will appeal to you.

THE CLOSER YOU STUDY the chassis construction—details of design and of construction—the greater will be your admiration and your confidence.

FOR THIS SIX is built for men who know.

THE PERCENTAGE of "brand new" motorcars is very small among Reo buyers.

THE TYRO sees only the superficial.

THE EXPERIENCED looks below the surface—and especially does he search for a weak link in the chain.

HE DOESN'T WANT a car that is good only in spots—he demands uniform excellence.

AND HE FINDS that quality in this Reo Six.

HE FINDS ANOTHER quality—the logical result of the other; namely low upkeep—lower than can be shown by any other car of seven passenger capacity and of similar size and power—bar none.

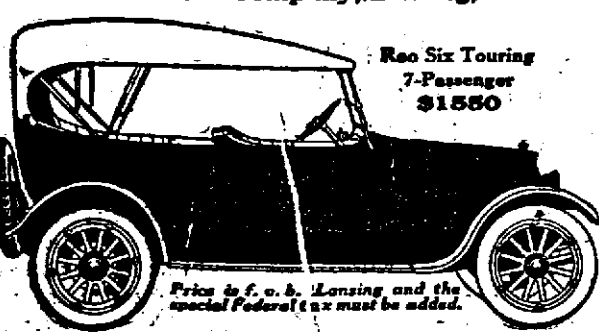

OUR PROBLEM this year is to supply the demand. And it is an impossible problem. Only those who order early can hope to obtain Reos.

IF YOU WILL HELP by deciding now and placing your order, we can promise you a reasonably early delivery of the car of your first choice—a Reo Six.

The Bussard Garage

(730-30)

Reo Motor Car Company, Lansing, Mich.

THE GOLD STANDARD OF VALUES

**Rejected As Fighter, He
 Starts Walking To France**

John Borden, 44, Small of Stature,
 Picked up by Police Here, Wants
 "A Hun or Two"

CARRIES A RECOMMENDATION

That all Hun haters are not in the army was disclosed here this morning when Chief of Police Yakey, accosting a man on the downtown streets who was most apparently a stranger in the city, found that the unassuming visitor was "walking to France" to tell the Huns what he thinks of their offensive actions.

After being rejected in all branches of military service, John Borden, 44 years old, of Jonesboro, Ark., told local authorities this morning that since Uncle Sam wouldn't have him he started out to "capture himself a Hun or two."

He has started overland on foot to reach the Atlantic coast where it is his intention to take a ship for

France. He got this far without a hitch but when local police authorities "gave him the once over" suspiciously, he immediately produced a letter of recommendation from Mayor Gordon Frierson of Jonesboro, which was signed also by the chief of police and the judge of that town.

"He is a good American citizen and a hard-working man. He has been rejected for military service on account of his height and his age but expressed a desire to get to the battlefront and is headed for a seaport—thence to France. We recommend that he be given good treatment." This was the substance of the letter which was proudly displayed by Borden, who is short in stature and wears a flowing mustache.

"I'm German-Irish," confided the would-be soldiers to Chief Yakey when asked concerning his nationality, "but a sight more Irish than German."

**VISITS LOCAL
 MARINE STATION**

C. H. Goodwin, in Charge of Work in
 State Spends Few Hours With
 Enrolling Agents.

STATION AT DRUG STORE HERE

Fifty Thousand Men Wanted For the
 Merchant Marine at Once to
 Carry Supplies.

C. H. Goodwin, in charge of the enrolling stations of the Merchant Marine in Indiana, was in this city a few days ago in a whirlwind trip through this section of the state, getting in touch with the recruiting stations.

The Pitman and Wilson drug store in North Main street has been placed in charge of the recruiting work here and since the opening of the local office, numerous inquiries concerning the work have been received here. There is at present a special demand for firemen, water tenders and oilers, although enlistments in all branches of the merchant marine are wanted.

The young men enlisting are given special courses of instruction on training ships maintained by the United States shipping board, before being placed in the crews of the big new merchant vessels now being commissioned by the shipping board to take supplies to Europe. By special regulations the recruits are given special exemption from military service.

Fifty thousand men are wanted at once in this branch of the service, between the ages of twenty-one and thirty, and those who are accepted in this special department of the service may serve as sailors, firemen, coal passers, cooks or messmen.

In the window of the Pitman and Wilson store is displayed a double-page advertisement in the current issue of a national weekly magazine, which explains concisely the call for enlistments in the merchant marine.

The Princess theater is running a special slide advertising the recruiting campaign and every effort is being made to get young men in the service because of its great importance.

THIS THIEF IS PARTICULAR

Sorts Clothes Stolen From Hogsett's
 Porch and Abandons Some

That the thief who stole the clothes prepared for the washing, off the porch in the rear of the J. W. Hogsett home Monday night, is particularly about what he steals, developed when part of the clothes were found in the alley not far from the Hogsett home. They had been sorted and the robber selected those which had no marks on them to show their ownership. Those which were abandoned were found by Charles Newman. It is said that the authorities have an idea who is responsible for the theft and that there will be no prosecution if the stolen property is returned.

—John Geraghty and Earl Osborne were visitors in Indianapolis yesterday.

—Mrs. C. E. Orrt and two children and Mrs. L. L. Hagens of Newcomerstown, O., are the guests of the Rev. and Mrs. P. O. Orrt of Manilla.

LIEUT. SCHMIDT WOUNDED

Martinsville Boy Well Known Here in Casualty List

The name of first Lieutenant Wayne W. Schmidt of Martinsville was contained in the casualty list today, among the Americans who were severely wounded in action.

Lieut. Schmidt is well known in this city where he was a frequent visitor last summer, while attending the first officers training school at Ft. Harrison. Lieut. Schmidt was assigned to a unit which left for France shortly after the completion of his training course and for some time the young Hoosier officer has been actively engaged in the front lines. The nature of his wounds was not contained in the brief message, which stated only that the lieutenant was seriously wounded.

Hoosier Beauty—Comes with Hinged Doors or Roll Doors

Tomorrow

The Hoosier Sale Goes On

When This Shipment Is Gone, No More at This Price

A Hoosier Cabinet for as Little as \$22.00.

SANITARY BASE, PURE ALUMINUM TOP, WHITE ENAMEL INSIDE.
YOUR MONEY BACK IF YOU ARE NOT DELIGHTED.

As it is, there are less than 18 cabinets to be sold at the price we offer, and the Hoosier Company has warned us that prices must go up when the sale is over.

We could have marked these cabinets at the coming price and made an extra profit on every one. But we bought at a bargain and are selling at a bargain. Our aim is to win new customers by giving women this money.

Vital Features Exclusive Hoosier Ideas

The Shaker Flour Sifter sifts flour 4 times faster than most, and shakes it out light and fluffy.

The Over-Size Base has 21 per cent more space for pots, pans, etc.

The Two-Way Sugar Bin holds twice the ordinary amount.

The Revolving Rack of 7 air-tight dust-proof spice jars, is also exclusive.

The Motion-Saving Arrangement is the result of scientific motion study.

The Uncluttered Cupboard gives twice the average work space.

Old Time

New Time

That Extra Daylight Hour Don't Spend it in Kitchen Work.

Long before the Government ordered every clock set ahead, the Hoosier Cabinet was saving daylight hours for more than a million women.

Hoosier is a Labor-Saving Machine, a Kitchen System and Germ-proof Food Container combined.

It saves steps, food and work. It gives you time for Red Cross Knitting and other war service. It will serve you every day for life.

Remember, more women will want these cabinets than we can possibly supply. Only by coming here tomorrow without fail can you be SURE of getting one.

Brilliant Authorities At Your Service

Only the Hoosier brings you the valuable assistance of the Hoosier Council of Kitchen Scientists composed of leading household authorities. They are:

Mrs. Christine Frederick, Household Efficiency Authority, N. Y.

Mrs. Janet McKenzie Hill, Principal Summer School of Cookery, N. H.

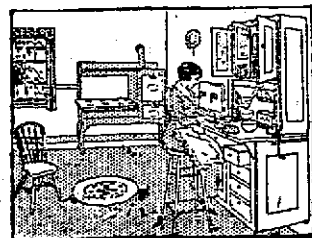

Miss Fay Kellogg, Household Science, Architect, N. Y.

Miss Alice Bradley, Principal Miss Farmer's School of Cookery, Mass.

Mrs. H. M. Dunlap, Domestic Science Lecturer, Illinois.

Mrs. Nellie Kedzie Jones, Household Consultant, Wisconsin.

Mrs. Alice R. Dresser, Consultant of Household Administration, Mass.

DIES AT HOME OF HER SISTER HERE

Mrs. John Woodhull of Newark, N. J. died this morning at 2:30 at the home of her sister, Mrs. John Kennard, where she had been visiting for five months.

Although the deceased had been in poor health for several years, her condition became more serious, and during her entire stay here she was under the care of physicians. Brights disease developed some time ago but the immediate cause of death was appendicitis.

Surviving the deceased are her sister, Mrs. John Kennard of this city, a brother, W. A. Mount of Newark, and a brother who resides

in California. The funeral cortege will leave here this evening for Newark, from where the funeral services will be conducted. Mrs. Kennard and Mr. Mount will accompany the body.

NO JURY TRIAL AGAIN TODAY

There was no jury trial in circuit court again today when action similar to that yesterday, was taken and the case of Samuel Lipkin against Simon Koin for an accounting and \$500, which was set for trial, was dismissed by agreement at the cost of the plaintiff. The jurors were notified before any of them came to court. Yesterday the jury was here and ready for trial when the case was dismissed.

Geo. C. Wyatt & Co.

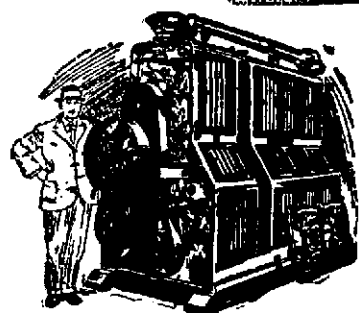

OVERWORKED MAN

Couldn't Get Man to Fill His Place,
Had to Keep On, How He Did It

Saratoga, Cal.—I am an engineer and overworked so I could not sleep was tired all the time. I could not get a man to fill my place so had to keep on working. My druggist asked me to try Vinol and it built me up and strengthened me so I feel fine and sleep all right.—Asa W. Pradford.

There is no secret about Vinol. It owes its success in such cases to beef and cod liver peptones, iron and manganese, peptonates and glycerophosphates, the greatest body building and strength creating tonics.

We strongly recommend Vinol. F. R. Johnson & Co. and Druggists Everywhere.—(Adv.)

During the period of the war, we will not sell an American Midget Mill unless the purpose is to supply the local needs of a community, or our Government, with flour and feed.

DO YOUR BIT. Help the Government by saving the freight on wheat and flour. Relieve the railroads of this unnecessary congestion by establishing in your community one of these wonderful American Midget Roller Flour Mills.

And Make Money, Too

\$150 to \$1,000 per month can be made with this permanent, substantial and dignified business.

This wonderful self-contained roller mill is revolutionizing milling. Makes splendid flour at a better yield than the Government requires. One man without previous milling experience can run it successfully. Small cost, small power, easy operation enables it to make a "Better Barrel of Flour Cheaper." You can sack your flour under our nationally advertised brand "Flave."

Our Service Department inspects your products each month free and keeps you up to quality. Sacks of flour from 15 to 100 barrels per day. You can start with the small size if you have \$2,000 to invest. Sold on 30 days' free trial. See our catalog and experience of successful customers all over the United States. Agents—American Mill Co., 215 E. Main St., Greensboro, Ky. (718)

Rationing is Impractical

Many persons have asked why a system of flour rationing to conserve wheat has not been used by the Food Administration. The following statement by Herbert Hoover shows the attitude of the Food Administration toward such a system:

"Any system of positive rationing of the United States bristles with difficulties. Fifty per cent of the population are either producers or live in intimate contact with the producer and, therefore, can not be restrained in their consumption by any rationing. The consumption of the very poor is not beyond the necessities of their health and strength.

"Our industrial population varies greatly in its habit of consumption of any given commodity in different parts of the country. Furthermore this class of the community varies greatly in its habit in different sections of the United States as to the commodities they consume. For instance, the Southern worker consumes perhaps not more than two pounds of wheat products per week per capita, whereas in some parts of the North he consumes 8 pounds.

"Rationing of wheat on any broad national line would increase the consumption beyond necessity in the South and decrease it in the North below necessity. Furthermore, to adopt rationing as a positive system would cost the Government 10 million of 15 million dollars annually for bureau-eratic expense, as we should have to place tickets and coupons with every householder and a vast administrative organization would have to be raised."

The Giant Is Awake

The giant is awake at last. It has taken a year of sustained effort, and the mobilizing of an army close of two million men, before we awoke from our slumber, but we are wide awake at last, and doing things with a big D.

Government departments are running smoothly, and the great machinery of war is at last forging ahead. Huge stores of supplies of every conceivable description are being rushed across the Atlantic. Army after army is being trained and dispatched, until the American forces and equipment on the other side are fast attracting the attention of the world and sending cold shivers up and down the German spine.

The Kaiser's boast to Mr. Gerard, that he had 50,000 German reservists in this country, and ready to take up arms at his word of command, has the ring of a huge joke. If they are here, they at least know how to preserve whole skins.

We have hit our stride at last, and now let's keep it up till complete victory is ours. Kaiserdom, with its attendant train of evils, must perish from the earth.

And let us not for one moment forget that America is the deciding factor in the war.

His Early Training

That all is not gold that glitters has long been an adage; but the corner of this phrase never imagined, in all probability that an im-

War Hints

War Helps
War Duties

(Compiled and Condensed for the Indiana State Council of Defense by George Ade.)

The Food Administrator sees a big harvest coming but he warns people in advance that they are not expected to become wasteful of wheat. A surplus must be stored. The civilized nations of the world must be kept away from the starvation danger-line.

From June 17 to June 22, at Purdue, women will be taught how to do effective war work in the home. They will learn about canning, drying and preserving, cooking Hooverized dishes and making the old clothes last a while longer. Room rent, board and incidentals for the week will be eight dollars. Mary Matthews of Purdue will be in charge.

Don't forget that in the Fourth of July parade the foreign-born citizens who have made good as Americans are to be put up front, right next to the bass drum.

More than 8,000 young men of Indiana are now drilling in Liberty Guard companies. The boys are asking for guns. George Barney of the protection committee of the State Council is after Uncle Sam and coaxing hard to get what the boys want.

Farmers who want to employ

perial gift that glitters would not be gold.

However, the winner of the ocean yacht race in 1905, who was presented with the trophy, a "gold" cup by the Kaiser, has learned the truth of the adage, because the cup was smashed with a hammer in New York during the Red Cross war fund campaign and found to be nothing but pewter, with a thin layer of gold.

Although a small thing, it further discloses the true character of the ruler of Germany who is responsible for the millions of lives which have been lost. It reveals that he practices deception not only in large things where the stage is big, but in small ones as well.

Two to Germany's One

The legislation which makes available for draft the young men who have become of age since the passage of the original conscription act is on a par with the practice in Europe where universal service prevails and where "classes" of men are called to the colors. Of course, our "classes" will be only for the period of the war, but they will serve to give us, by moderate estimates, substantially three-quarters of a million men for the army each year that the war is prolonged. England and France together will be able to produce half a million more. Germany reckons on having about 600,000 new men available for the service each year—so that the mathematics of the man-power of the war may be readily worked out—and the result runs badly against the German pretension of ultimate victory.

Ireland is untrue to herself. For centuries the term "Irishman" has stood for all that was gallant, brave, loyal and true. That she should refuse to bear her share in the great world conflict, when the very principles for which her history has been one long contention are trembling in the balance, is inexplicable. It is sincerely to be hoped that she will now accept the home rule tendered by England, submit to the same rigorous conditions England imposes on herself, and forever clear her name of the odium that must attach to it if her past course is pursued any further.

A subscriber suggests that, in dealing with loiterers we exempt the fishermen. We'll agree to that if they are required to establish the absolute truth of every tale told, and demonstrate that they have really contributed to the meat supply.

And now it develops that the nationalist movement in art had its origin in Germany. Another reason why the Hun should be suppressed.

It might be suggested that American mobs couldn't harm the enemy aliens if the latter were safely behind iron bars.

boys of the Working Reserve should write to Isaac D. Straus, 83 State House, Indianapolis.

What is the Farm Labor Reserve? It is made up of city and town residents who have had farm experience and who will go into the country for short periods and meet emergency demands for labor. They will be paid the usual wages. County agents are authorized to name recruiting agents and enlist the services of patriotic citizens who are willing to help out in their various neighborhoods.

The Food Administrator says, to utilize garbage. Would you believe that material worth millions of dollars is chucked into garbage pails and then dumped somewhere as waste? Garbage should be used as hog-feed or sent to reduction plants. The housewife is asked to keep table and kitchen refuse free from tin cans, broken bottles, etc. Send it away so that it can be used as hog-feed and see that a hog-feeder gets it.

The Council of National Defense has made some suggestions for the Fourth of July doings this year. Here are some of them: Bring the whole community into your program. Don't spend too much money or under take plans that will interfere with regular war activities. Carry the flags of the Allies in the parade. Let the program include "America" by everybody, a pledge of allegiance to the flag by local boys and girls scouts, the reading of the Declaration of Independence, patriotic band music, a short speech (not to exceed 15 minutes) bringing out the aims of all free nations in the present war, reading of a message from the President and, if possible, a short play, tableau or pageant depicting the unity of peoples in the fight for freedom. Your county council has received an outline of a pageant which can be produced without much trouble or expense.

If we were not at war, the government savings stamps would be the most thrifty investment in sight just the same. If the purchase of W. S. S. did not spell patriotism, it would still spell common sense. You are doing yourself and your country a good turn when you lay away a bale of these desirable stamps.

TO ATTEND FUNERAL

The members of Phoenix Lodge No. 65, F. & A. M. are called to meet at the Masonic Temple Thursday afternoon at one o'clock to attend the funeral of H. E. Giffin at the late residence east of the city. A large attendance is desired.

Thirty War Savings societies have been organized in the Davis Park school of Terre Haute.

CIRCULAR ISSUED ON GARTIN'S DEATH

Uniform Rank, Knights of Pythias Document is Touching Tribute to Memory of Lieutenant

SECOND IN THE ORDER TO DIE

Message Issued at Headquarters in Grand Rapids, Mich., by Major General Loomis

From the headquarters of the Uniform Rank, Knights of Pythias in Grand Rapids, Mich. comes a touching tribute to the memory of Lieut. Walter Gartin, Rush county's first son to sacrifice his life in the present struggle. Lieut. Gartin was the second member of the Uniform Rank to lose his life under these circumstances. The body of the message which was sent to every lodge in the state is as follows:

Once again the Uniform Rank is called upon to mourn one of its gallant brothers who has given his life as a sacrifice that freedom may have a lasting place on the earth, and that liberty and justice may be driven from among men. Second Lieutenant Walter R. Gartin, a member of Ivy Company No. 35 of Rushville, Indiana, died at Louisville, Ky. February 18th, while stationed as an officer at Camp Taylor. His remains were brought to Rushville, and a most impressive funeral service was conducted under the auspices of Ivy Company. A detail of officers from Camp Taylor accompanied the body to Rushville, among them being the Commanding Officer of his company.

Thus again, there is brought home to us with tremendous force the stern fact that we are at war, and that such calamities as this will doubtless come to many homes in the land in increasing number, as more and more of the brave young men of this country are called to the defense of the imperishable principles for which America is contending.

Enshrined in the memory of us all these names will remain, and will be a monument more enduring than marble shaft to recall to our minds the spirit of true patriotism that induced so many of the choicest young men of the United States to offer their lives to the noblest cause for which man ever fought.

Cherish the memory of Lieutenant Gartin. Be proud that he was a Sir Knight of the Uniform Rank. Rejoice that Pythian principles found so deep a lodgment in his heart that no sacrifice was too great in defending liberty and justice. Let us all resolve to do our part, however humble it may be, in this great struggle, that those who are daily offering their lives on the altar of human freedom may not have died in vain.

By order of MAJOR GEN. WM. H. LOOMIS.

NOT TOO LATE TO PLANT POTATOES

They Will Grow in Beds Used For Lettuce, Onions, Peas and Other Small Crops

SEED REASONABLE IN PRICE

Washington, June 10.—It isn't too late the first half of June to plant late potatoes in all sections of the United States, say specialists of the United States Department of Agriculture, who are recommending that all available space in gardens be used for this crop to safeguard home supplies and to reduce transportation.

Their recommendation is made despite the fact that potatoes require more space than most garden crops, and should not be planted in small gardens to the exclusion of other vegetables. One bushel of seed potatoes will plant one-tenth of an acre or a plot 44 by 100 feet and will produce enough potatoes for the use of a family of five during the winter. At present there is a surplus of old potatoes on the market and sufficient seed can be obtained at a reasonable price. It is suggested therefore that seed be used more liberally than last year, and that 12 to 15 bushels of seed be used per acre.

Late potatoes can be planted af-

ASKS FOR PRICE OF THRESHING GRAIN

Chairman Foley Addresses Questionnaire to County Councils to Obtain Quotations

EXHORBITANT CHARGES MADE

Committee From State Council Recently Recommended a Substantial Increase in Charges

Declaring there is a tendency in some places in the state to charge exorbitant prices for threshing of grain, M. E. Foley, chairman of the State Council of Defense, has addressed a questionnaire to the chairmen of the County Councils of defense asking them to report figures at the earliest possible time on prevailing quotations for threshing wheat, rye, oats and barley.

Chairman Foley suggests an immediate inquiry, including an interview with threshermen, and where an organization exists an interview with the officers.

"It is my purpose to get a reply from every county in the state, and then undertake to put this service upon a reasonably fair basis. I want the men who own the machines to have a good compensation for their services, but I do not want them to impose on any one by charging excessive prices," says Mr. Foley's letter.

Recently a committee representing the State Council, made an inquiry into the question of fair prices for threshing, and reported favoring a substantial increase, with a maximum of 6c per bushel for wheat as against a former price of 4c. This report was referred to the Committee on Food Production and Conservation for its consideration, and was recently the subject of some discussion on the part of representative threshermen who gathered in Indianapolis for the purpose of hearing the Government's wheat conservation plans in connection with the 1918 harvest, but no formal action was taken on the subject.

In a number of counties in the state the county food administrators have called meetings of the threshermen for the purpose of explaining these government regulations, which have to do with the repair of machinery and the saving of grain otherwise lost by careless handling, at which meetings the question of price has been discussed. In the absence of any suggested uniform schedule, the question has been deferred in a number of cases. Others, however, are said to have resulted in increases beyond the figure recommended by the committee of the State Council of Defense.

An inquiry is now being made as to the legality of these general advances. The question of the moral right of threshermen to an advance is not disputed, but it is held by representatives of the state war organization that these advances must be reasonable, and there must be a showing of justification.

ter peas, lettuce, radishes, onions, and other early garden crops are removed. The second crop of potatoes in the southern states can be planted as late as from August 1 to 15, using either hold-over cold-storage seed or first-crop potatoes as seed.

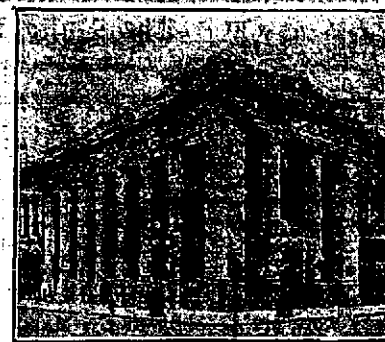

TO ATTEND LODGE SERVICE

Phoenix Lodge No. 85 to go to Franklin July 28

A large percent of the Phoenix lodge No. 85 P. and A. M. is making preparation to attend the lodge service which will be in Franklin at the Masonic home there Sunday, July 28. Announcement of the approaching services have just been made and it is probable that the major percent of the visitors at the service will make the trip in machines.

Society

Twenty-eight members of the W. R. C. penny social society were present at the meeting yesterday afternoon at the home of Mrs. Sarah Craig, in East Sixth street. The afternoon was spent in a general good time, following a business session, during which the members decided that as refreshments have been dispensed with, they will use the money formerly spent for that purpose, to purchase Thrift stamps. Each hostess, together with four other members, selected in turn, will give twenty-five cents at future meetings, the money thus obtained to be used to buy the stamps. Arrangements for a Fourth of July picnic were made and it was decided that the members of the G. A. R. and the W. R. C. will be invited to go out to the home of Mrs. Will Morgan east of the city, for an all day meeting and picnic. Selections on the Edison and readings by Lewis Deeters entertained the guests during the social hour.

Mr. and Mrs. William Martin entertained Sunday at their pretty country home northeast of the city with a two course dinner party. A color scheme of red and white was carried out in the dinner appointments and the decorations in the dining room. Covers were laid for the following guests: Mr. and Mrs. Marshall Hinchman, Miss Margaret Hinchman and Miss Florine Hinchman.

Mrs. Carl Gunning was hostess to the members of the Psi Chi sorority last night at her home in West Tenth street. The usual business session was held, during which the selling of chances on the quilt, to be raffled off soon, was discussed. A pitch-in supper and initiation was also planned to be held next Tuesday night, but the place of the meeting has not been decided.

Mr. and Mrs. John Lewark entertained at dinner Sunday at their beautiful country home north of the city, the following guests: Mr. and Mrs. James Hendricks, Mr. and Mrs. Charles Lewark and family, Mr. and Mrs. Walter Hendricks and family, Mr. and Mrs. Frank Sample and son Lewis and Mr. and Mrs. Griff Lewark and son, and Oscar Gwinn of Fortville.

The beautiful home of Mr. and Mrs. Charles Hulow, in Homer was the scene of a very pretty dinner party, Sunday, when they entertained Mr. and Mrs. John Surber and daughter, Mary and Mr. and Mrs. Oliver Surber, of Beech Grove, Ind. In the evening, the entire party motored to Beech Grove, to accompany the guests home.

Honoring her house guest, Miss Geneva Parker of Caro, Mich. Miss Katherine Wyatt entertained with an informal dinner party yesterday evening in one of the downtown restaurants. The guests included Miss Parker, Miss Dorothy Mulno, Miss Dorothy Sparks and Miss Katherine Wooden. Miss Parker returned to her home in Michigan today.

Miss Bertha Helm entertained the members of the S. E. T. club at her home in West Fifth street, yesterday afternoon. The guests spent the pleasant afternoon over various kinds of sewing and embroidery, and besides the members, one guest, Mrs. Allen George Messick, of Marion was entertained.

Mrs. Albert Denning will be hostess to the members of the Woman's Home Missionary society, tomorrow afternoon, at her home in Spencer street. Those wishing to go out on the I. and C. traction may take the 1:37 car and get off at Spencer street. Election of officers will take place at this meeting.

The Catholic Ladies Aid society will be entertained by Mrs. Katherine Jones at her home in West First street, Thursday afternoon and the assisting hostess will be Mrs. John Jordan.

Mrs. James Gregg will entertain the members of the Rebekah Crochet club tomorrow afternoon at her home in North Harrison street.

The members of the Pastor's Aid society of the Main Street Christian church met in a business session yesterday afternoon in the parlors of the church. The main issue discussed was the idea of discontinuing the meetings through the summer months, and it was decided to do so, the next meeting to be held the first Tuesday in September. This step was taken in order that the ladies may have more time to devote to sewing for the Red Cross.

A very pretty party was given yesterday afternoon, by Mrs. Verle Behout at her home in North Perkins street, honoring her house guest, Miss Alice Peck of Pueblo, Col., and Miss Marian Wilder, of Orland, Ind., who is the guest of the Misses Florine and Beth Gronier in North Main street. The afternoon was spent in various kinds of sewing and at the close of the pleasant time, light refreshments were served by the hostess.

Mrs. Will McMillin will be hostess to the members of the Happy-Go-Lucky club tomorrow afternoon at her home near Gings.

The Modern Woodmen will hold their regular meeting in their hall, corner Morgan and Third streets, tonight instead of tomorrow night as usual, on account of the dance to be given in that hall tomorrow night.

Mrs. A. L. Riggs will be hostess to the members of the Grand club tomorrow afternoon at her home in North Perkins street.

SCHOOL ENUMERATION IN COUNTY SHOWS LOSS

Hundred and Sixty-Four Fewer Children of School Age This Year Than Last

FIRST LOSS IN MANY YEARS

The county school enumeration as tabulated recently, shows a net loss for the first time in a number of years. The statistics as compiled at the office of the county superintendent showing an enrollment of 4,549 students, is a loss of 164 over that of last year.

The decrease of thirty-nine students in the city of Rushville caused the county decrease, as in former years the loss in the county was made up to a great extent by the gains in the Rushville schools. Schools in Rushville enrolled 1,253 students during the term of 1917-18. The figures for the townships follow:

- Anderson — Enumeration, 293; loss, 37.
- Center—Enumeration, 253; loss, 2.
- Jackson—Enumeration, 143; loss, 8.
- Noble—Enumeration, 230; gain, 21.
- Orange—Enumeration, 266; loss, 4.
- Richland—Enumeration, 191; loss, 10.
- Ripley—Enumeration 241; loss 21.
- Rushville — Enumeration, 356. (Same).
- Union—Enumeration, 226; loss, 23.
- Walker—Enumeration, 301; gain, 43.
- Washington — Enumeration 228. (Same).

FOR RAILROAD BETTERMENT

Railways Administration Approves Budget For \$946,300,000

(By United Press.) Washington, June 12.—Improvements, additions and betterment on the national railways in 1918, will cost \$946,300,000.

The railroad administration today approved such a budget, covering all expenditures except labor and fuel for the present year. Extensive improvements will be made in terminal facilities.

Course In War Work For Women

Rush County Women Are Urged to Attend Course Which Will be Given at Purdue Week of June 17. Should be Representative of Each Community.

As chairman of the Rush county Home Economics club, Mrs. Burl Matney has been notified of the course in war work for women to be held the week of June 17 at Purdue university.

The instructions received during the course of lectures are necessary to every housewife during the present age of "substitution" and because of this Mrs. Matney is urging as many women as possible to attend the course and suggests that at least one woman from each community take the instruction in order that she in turn may instruct the cooks of her neighborhood.

"Women are anxious at this time to carry out to the best of their ability the regulations regarding food substitution, to do canning, drying, and preserving and to so manage their households that more time be devoted to outside activities such as Red Cross and French War Relief work," declared the county chairman, who stated that she believes the course will result in the household duties of those in attendance growing much lighter.

The course will be of special interest to women interested in council of defense work, food administration activities or other organizations aiding war work or to some home maker who desires to use to the best advantage her resources at home. The expenses are only very small items in comparison to the benefit derived from the course. Including room rent, board and other incidentals, it has been summed up not to cost more than eight dollars. No tuition fee will be charged for the course, which will be conducted in the domestic science department of the university.

Community work of various kinds that should be carried on, or helped by women, will be discussed by various leaders of the different movements in the state. During the week, talks will be given by Mrs. Anne Studebaker Carlisle, chairman of the Woman's section, Dr. H. E. Barnard, federal food administration, and others of prominence.

The course includes canning, drying, and preserving; war time cookery; "make-over" garments, (this including the problem of buying textiles, removing stains, cleaning and dyeing material for "make-over" purposes, suggestions for clothes economy); demonstration work, home nursing, and general lecture on war work in Indiana.

Mrs. Denny Ryan's War Recipe is Given An Honorable Mention

A recipe submitted by Mrs. Denny Ryan of this city to the "win the war recipe contest" which was conducted recently by the Indianapolis Star, has been given honorable mention and was published in Monday's edition of the paper.

The contest was designed to arouse greater interest in food conservation among women in Indiana and to spread food saving ideas through the state as an effective step toward winning the war. Six cash prizes were offered for the best recipes submitted from Hoosier women and range from \$5. to \$1.

Following is the recipe submitted by Mrs. Ryan as a war time yeast biscuit recipe for the conservation of wheat:

To save wheat and also to save the time of measuring the different flours, buy five pounds of wheat flour, three pounds of rice flour, two of corn flour and two of barley flour. I mix all thoroughly and put in flour bin. In that way I use less than 50 percent wheat flour for everything that requires flour—bread, biscuits, cakes, gravies and thickenings of all kinds—and the only difference I find is that it requires a little more of the mixed flours for things than it did of all wheat flour. My best recipes for hot rolls or yeast biscuits are as follows:

One cake of yeast, one cupful of milk scalded and cooled, one tablespoonful of sugar, four and one-half cupfuls mixed flour, white of

To be properly dressed you must be properly corseted. The new season's models in both Gossard and Kabo are here. During the heated season you will wish some pretty brassieres, too. May our corsetiere extend you her services?

Most Attractive and Complete IS OUR DEPARTMENT OF

Ladies', Misses' and Children's Summer Clothes

Unusually well prepared to serve you, you will find our displays of warm weather frocks. The models are distinctive, the assortments are very generous, and the prices extremely moderate.

Every lady will wish to keep abreast of the times and possess several attractive gingham dresses. Not since the days of the Civil war have they been so popular. Our cases are fairly bulging with hundreds of pretty new models in bewitching styles, checks and plaids. Then there is an alluring collection of dainty frocks of organdie, voile, line and pure linen. We assure you, it will delight you to see them.

Too much can not be said about the WOOLTEX MADE AND WOOL-TEX SHRUNK WHITE WASH SKIRTS. Our customers voice their approval very emphatically. To say the least they have no peer. Why not choose yours while the range of styles and cloths is so big?

New Worthmor Waists

Incredible though it to buy a correctly-seems, it is still possible styled and thoroughly desirable blouse for just \$1.00. The Worthmor that we—and we alone in this city can sell at this small sum—combines all the worth while characteristics of blouses generally sold at considerably higher prices.

Silk Sweater

Turquoise, rose, maize, gold, purple, lobster, apricot, are some of the attractive shades that we are offering in silk sweaters.

HOME JOURNAL PATTERNS

New customers are coming every day to our pattern department. Why? Come and see for yourself. No pattern over 15 cents.

one egg, three tablespoonfuls of any substitute, melted, one-half teaspoonful of salt.

Dissolve yeast and sugar in lukewarm milk, add two cupfuls of flour and beat until smooth; then add white of egg well beaten (substitute) the remainder of the flour or enough to make a moderately firm dough, and the salt. Knead lightly, using as little flour in kneading as possible. Put in well greased bowl, cover and set to rise in a warm place until double in bulk—about two hours. Knead lightly and form into rolls. Put in well-greased pans, protect till light—about one-half hour. Bake about twenty minutes.

GUFFIN FUNERAL TOMORROW

The funeral services for Henry E. Guffin, who died at his home east of the city yesterday afternoon, will be held tomorrow afternoon at two-thirty o'clock at the residence, with burial in East Hill cemetery. The members of Phoenix lodge No. 65, F. & A. M. will be in charge. The Knights of Pythias lodge of which he was a member, will be represented.

PROMOTED TO CORPORAL.

Virgil E. Simmerman, a Rush county selective, who has been in military service for some time, has been promoted to the rank of corporal according to an announcement from Camp Sherman, Chillicothe, O., where he has been training for a short time. Corporal Simmerman is a member of the 334th infantry regiment and until a few weeks ago was training at Camp Taylor, Ky.

Telephone Your Ads---2111

This page is read eagerly by over 5,000 readers daily. It is invaluable for merchants, farmers, professional men and all progressive people.

OUR RATES

All advertisements, except display, are charged for at the rate of one-half cent per word for each insertion. The same ad will be placed in the Indianapolis Star and Daily Republican at the combined rate of one and one-half cent per word.

We earnestly solicit these advertisements by telephone and expect payment when the collector calls. Ads mailed in should be accompanied by the remittance, as the amount is generally too small to justify bookkeeping.

Cards of Thanks and Obituaries are charged for at the same rate, minimum 25 cents. No charge accounts opened.

CLASSIFIED ADVERTISEMENTS ARE NOT TAKEN AFTER 10:00 A. M. FOR PUBLICATION ON THE SAME DAY.

Our Boys in France and Home Protection

The men on the firing line represent the pick of our American youth. One in four of our boys at home was sick, rejected because of physical deficiency. Many times the kidneys were to blame.

If we wish to prevent old age coming on too soon, or if we want to increase our chances for a long life, Dr. Pierce of the Surgical Institute, Buffalo, N. Y., says that we should drink plenty of water daily between meals. Then procure at the nearest drug store, Anuric (double strength). The cost is 60c. This "An-uric" drives the uric acid out and cures backache and rheumatism.

If we wish to keep our kidneys in the best condition a diet of milk and vegetables, with only little meat once a day, is the most suitable. Drink plenty of pure water, take Anuric three times a day for a month.

Send Dr. Pierce ten cents for trial package.

LEWIS, Ind.—"For a long time I suffered from backache, pain in left side frequent kidney excretion, bothering me at all times during the day and night, and the uric acid in my blood caused me to suffer from rheumatism along with a constant tired, worn-out feeling. I heard of Anuric and at once began its use. After giving it a good trial I believe it to be the best kidney remedy on the market to-day. I have tried other kidney medicines, but these Anuric Tablets of Dr. Pierce's are the only ones, in my opinion, that will cure kidney and bladder troubles."—HENRY A. LOVE.

BRINGS STIRRING WAR MESSAGE

Roosevelt Pleads For People to Shoot The Way They Shout in Indianapolis Speech

COLISEUM FULL OF PEOPLE

Former President is Given Immense Ovation on Arrival to Start W. S. S. Drive

Indianapolis, Ind., June 12.—Colonel Theodore Roosevelt was given an immense ovation on the occasion of his visit here yesterday to open the War Savings stamp campaign. The route which he followed in the city was one continuous round of applause. His reception at the Coliseum at the fair ground last night, where he delivered the address, was equally vociferous.

His personality dominated the vast crowd, estimated at 15,000, and his typically Rooseveltian epigrams and defiance aroused his hearers to wildest enthusiasm and applause. When he appeared accompanied by Governor Goodrich, Mayor Jewett and members of the reception committee the audience arose and cheered him five minutes. He stood at the front of the platform acknowledging the tribute with bows, with waving hands—and the Roosevelt smile.

Mr. Roosevelt smiled his appreciation of the personal tribute to him until an unknown in the balcony shouted:

"Teddy in 1920."

The crowd roared. The colonel's smile vanished. His head went up and his teeth came together in the peculiar manner that indexes his moments of tension. Then he shouted:

"My friends, this is an American meeting to discuss only Americanism and patriotism."

The mayor presented Mr. Roosevelt as "the greatest living exponent of all the Americanism in America."

Col. Roosevelt prefaced his formal address with tributes to the late Charles Warren Fairbanks, who was vice president in his administration; to A. J. Beveridge for his support of the "Four battleship" program, and to the State Council of Defense.

"Nine-tenths of wisdom is being wise in time," he declared, and then launched into his appeal for sale of War Savings and Thrift Stamps. He demanded that those who had applauded prove their sincerity by buying.

"Shoot the way you shout" was his challenge.

With subscriptions taken by workers of the women's organization and the employees' division before the arrival of Col. Roosevelt and after the meeting, \$127,000 was obtained.

There was frequent humor in the speech. He referred to the Spanish war as "the only war we had at the time, and personally I found it less exclusive than this one." His famous advice, "Don't hit until you have to, but don't hit soft" awakened thunderous applause.

The colonel's opinion of the pacifist and the "conscientious objector" was forcibly expressed with genuine Roosevelt emphasis and vocabulary. He declared the pacifist never kept a country out of war but kept it unprepared so that when war came it could not fight.

"If you kick a pacifist hard enough he'll kick back," the colonel said, "but while he is learning to kick the other fellow is stamping all over him."

He would put the "conscientious objector" digging trenches or on mine sweepers where they would not have to kill, but might get killed, and if they objected to that he would deprive them of right to vote in a country they would not defend.

Wreck of a gravel train near St. Louis delayed Col. Roosevelt's arrival in Indianapolis from 2:50 p. m. the scheduled time of arrival, until 4:45 o'clock. The tardiness of the train did not, however, diminish the crowds at the Union Station, and on the streets, or chill enthusiasm. When he descended from the chair car in company of Governor Goodrich, who went to Greencastle, and Mayor Jewett, who went to Terre Haute to meet him, he was acclaimed with cheers, and the journey through the streets was a succession of ovations.

Col. Roosevelt looked well when

he stepped into the sunshine from the train shed. His face was ruddy and there was but little less in his alacrity of movement than when he has been seen in Indianapolis in other years. His voice was husky when he spoke and not distinctly audible any distance. He was accompanied by Mrs. Roosevelt and Dr. George H. Coleman of Chicago. He smiled to right and left and continually raised his hat as the people applauded him with hands and voice.

Amusements

"Thais" at Princess

The one and only Mary Garden is the star of "Thais," the new Goldwyn photoplay from the famous novel by Anatole France, which is to be seen at the Princess Theatre tonight. It is Miss Garden's first photoplay.

"Thais" tells the story of a beauty of ancient Alexandria who is notorious for her many love affairs. A wealthy young man named Paphnutius is attracted by Thais, but leaving her home one evening, is set upon by a jealous rival whom he slays in self-defence. Having lately become a convert to Christianity from his pagan belief, he knows that murder is a crime against Heaven, and in his great remorse he becomes a monk and goes far out on the desert to live in expiation of his sin.

While he becomes known throughout the world for his sanctity, Thais becomes the very queen of riotous living. Then Paphnutius conceives the idea that it would give the Cause of Christianity great impetus if he could convert Thais, so he goes to her home dressed in the rich garments of a friend over his coarse monk's robe, and notifies her of his intention. At first she is amused, and then frightened as he follows her everywhere. And at last she yields to him, gives away or destroys all her worldly possessions, and follows him off into the desert where she becomes a nun.

Flushed with his victory over sin, Paphnutius returns to his holy brothers. But despite his high resolves, he has fallen madly in love with Thais.

The conclusion of the story is thrilling in the extreme, and affords Miss Garden one of the best acting opportunities of her career.

The Pathe News weekly will also be shown tonight. Charles Ray will be seen in "The Family Skeleton," Thursday, and Friday and Saturday "His Majesty Bunker Bean," and Charlie Chaplin in "A Dog's Life" will be the attractions.

County News

Freemans

Miss Aboline Cupp, daughter of Frank Cupp, has returned from Indianapolis where she underwent an operation for the removal of her tonsils.

Joseph Hornes is ill with an attack of tonsillitis at his home here.

Mr. and Mrs. Roy Rosenberry visited in Hopewell, Sunday and attended church.

Rue Webb, Clerk.

TRACTION INCREASE IS WAR EMERGENCY

Interurban Fares in Indiana Increased From Two to Two and One Half Cents Per Mile

COST OF OPERATION GREATER

(By United Press.)

Indianapolis, Ind., June 12.—Interurban fares in Indiana this week were increased from 2 to 2½ cents a mile on all lines. Companies have the right to issue mileage books good for 1,000 miles at a rate of 2 cents a mile.

The rate increase was made with the sanction of the public service commission. Several different companies had asked they be allowed an increase, but these petitions were dismissed when the general order was handed down.

The increase is a war emergency measure which the commission reserved the right to revoke at any time.

Besides the increased costs of operation which must be taken care of, the commission's order pointed out that it was necessary to safeguard the 3-cents-a-mile rate ordered by the National Railroad recently so that the government's business will not suffer through the lower rates of interurban companies.

Patriotic Payment of Premiums

Washington, June 12.—Why not give War Savings stamps to prize winners at agricultural fairs, asks the Department of Agriculture. The Bureau of U. S. Agriculture of the Lake Charles, Louisiana, Chamber of Commerce has suggested that all premiums by State, county and other fairs this year be paid in War Savings stamps. A resolution expressing that proposal was recently adopted by this Bureau of Agriculture and is being sent to all Federal and State officials interested and to the proper representatives of fair associations in every part of the country. The idea is meeting with hearty approval.

WHEN WEANING PIGS

Don't Let Worms Kill Your Hogs

Every thoughtful Breeder fears the "set back" when the pigs are shut away from the sow at weaning time. For two and even more weeks the pigs may searfully grow at all because the pigs' digestive machinery does not at once make the shift from Nature's own prepared feed to the coarse, uncooked feed suitable for older animals. This "set back" of two or three weeks means a full month in the maturity of the hog for market or sale. Acme Pig Meal being a cooked, malted, and pre-digested food, rich in available protein, takes the place of sow's milk at once. The pig keeps right on growing and the growth is in bone and muscle, giving the animal a vigorous bodily development on which later weight can be added rapidly. Three weeks of Acme Pig Meal Diet will give you the largest ten weeks pigs you ever raised.

ACME PIG MEAL

Is so delicately prepared that the "Baby Pig's" stomach can handle and digest it as it does the mother's milk.

Very often the sow does not give enough milk for the large litters, and very often not even enough to enable the pig to hold his own, let alone pushing him along, and it is at that time the "Baby Pigs" must have some help, must have the REAL MILK SUBSTITUTE Acme Pig Meal, and if instead the "Baby Pigs" are fed raw, uncooked feed it means they will not thrive for the reason their delicate stomachs cannot handle and digest the raw feeds, and too, many of the litter will be "RUNTS," and they represent too large a per cent to be charged to the LOSS ACCOUNT.

Acme Pig Meal is so cheap to feed, only costing 3½ cents per gallon, that you cannot afford to be without it, and pigs fed the REAL MILK SUBSTITUTE always thrive and return a handsome profit, as it is the proper thing at the proper time.

You cannot afford to feed your dairy milk, as the butter fat is worth \$600 per ton, but can AFFORD to feed Acme Pig Meal, the real milk substitute, as it contains the right amount of protein, fat and fibre and does what the cow's milk would do at one-fourth the cost.
